TYPHOON

TyAlarm
Bluetooth KeyGuard

Part No.: TB001

Small, simple and secure! Play it safe with our TyAlarm. The small lightweight is ideal for key rings, laptop bags or luggage. Different modes warn you for example if you forgot your smartphone or tag including a valuable back home, if you lost it or if it got stolen. In addition to that, TyAlarm can send a signal as soon as the tag is too far away. In search-mode the TyAlarm is easy to be found. The Bluetooth® 4.0 Low Energy Technology ensures a long-lasting battery. The Camera mode lets you take photos with your iPhone remotely by pressing a key.

Features:

» Keep an eye on your valuables: a solution to keep you from leaving your smartphone or valuables behind.
» Bluetooth® 4.0 Low Energy technology: the lightweighted compact keychain is extremely energy efficient.
» Wireless Leash: creates a link with your smartphone so when your smartphone and the keychain are seperated, both the keychain and your smartphone will vibrate and produce an alarm sound.
» Remote controlling device to capture images: creating a link with your smartphone to capture images controlling by keychain's key.
» Long lasting battery life: the battery runs six months depending on your usage situation.
» Free APP download: KeyGuard APP is free for download from Apple store and Google Play.

Find Me Mode
Find my phone or Find my keychain.

Child Mode
Place keychain on your child and be noted if your child runs too far away.

Alert Mode
Distance triggered alarm system that creates buzzer sound if your device and keychain are seperated.

when your bag is stolen, your phone will remind you.

When you lose your wallet, your phone will remind you.
