

CarbonRacer

Gaming Mouse

Part. No.: T1008

The CarbonRacer gaming mouse is the weapon of choice for gamers seeking a combination of comfort and unbridled gaming precision. 8200 dpi ultra high speed developed for real gamers.

Features:

- » Onboard memory - You can save your settings on the mouse. A ready-to-play profile (for keyboard macros and dpi settings) stores critical info for your favorite title.
- » Weight tuning - Prefer a heavier or lighter mouse? Up to 12 grams of extra weights lets you mix-and-match for personalized feel and control.
- » Multicolor light system manage your mouse front and back light control, you can choose unlimited different light option from software, also different light effects.
- » Gaming-grade laser - Game-changing precision at any hand speed. Whether you're zeroing in on one pixel or whipping across a million at full speed, the gaming-grade laser gives you hard-to-beat cursor control.
- » Adjustable sensitivity - You can shift from pixel-precise targeting (200 dpi) to lightning-fast maneuvers (up to 8200 dpi) in an instant.
- » 6 programmable buttons - You can program your buttons to put valuable macros in your hand.
- » Full speed USB 2.0 with plug and play
- » Patented unique, ergonomic design
- » 10 million click life with Omron® switch
