

## MovieCinema

### VHS-TO-DVD Video Converter

Part. No.: TP006

MovieCinema provide you an easier solution to convert old videos to DVD; linking VHS, VHS-C, Hi8, personal media player, MP3 player or other video source to your computer. The converter works with virtually any device that has S-Video or composite RCA AV/ Jacks; the videos are streamed to your computer and recorded in real-time. Moreover, the included software allows you to edit your video with ease.

#### Features:

- » Detects NTSC/PAL automatically
- » Real time Recording for Video or Still image in MPEG Format
- » Capture Video Source from VHS, V8, Hi8, etc.
- » Supports Still Image Capture in JPG format
- » External Video Input: Composite and S-Video
- » Direct burn to DVD video files
- » YouTube.com connection
- » Powerful Arcsoft Showbiz Media Converter software
  - > Built-in video capture with automatic scene detection
  - > Timeline for movie clips and audio tracks
  - > Tons of great transition effects and text animations
  - > Full slideshow creation features with Pan and Zoom
  - > Advanced file rendering for fast video compilation
  - > Built-in DVD authoring with customizable menus
